# Write for Vermont

**A partnership with Write for Vermont provides the highest quality professional development to bring the Vermont Framework of Standards into the classroom.**

**W**rite for Vermont is committed to providing dynamic programs that are tailored to meet individual school and district needs with on-site presentation and facilitation. Together with your school's representatives, we design a comprehensive professional development plan that builds upon what you have already accomplished. Our program is designed to develop knowledge and skills of educators seeking to increase student writing achievement in all content areas.

We construct data-based professional development to meet your school's needs, offering writing workshops on the following:

- ★ the *Vermont Framework* standards for writing
- ★ Vermont writing rubrics and benchmarks
- ★ the qualities of effective writing, as well as the writing process
- ★ collaborative assessment of student writing
- ★ alignment of grade level expectations and local curriculum
- ★ construction and implementation of quality writing assignments
- ★ creation of local standards-based performance assessments
- ★ practical strategies to help struggling writers
- ★ integration of writing in content areas
- ★ best practices

*Write for Vermont*  
**presenters are all successful Vermont teachers who have a credibility unmatched by other outside consultants. They are knowledgeable about classroom-tested knowledge as well as researched-based programs.**

This is only one of the services available through VI. At VI, we are dedicated to serving educators in making sustainable, continuous improvements in programs and learning. Underlying all our work are the principles of leadership, equity, technology and assessment.
