THE VERMONT INSTITUTES BROADBAND COLLABORATIVE

DOES YOUR SCHOOL NEED...

- ★ Broadband Internet access—
T1 speeds and higher
- ★ Video conferencing
- ★ Conference calling
- ★ CIPA compliance filtering
- ★ Hacker protection
- ★ E-mail services
- ★ Virus protection
- ★ SPAM blocking
- ★ Centralized network management...

Chances are that you already purchase some or all of these services. If you want to take control over these costs, it's time to join the Broadband Collaborative.

THE BROADBAND COLLABORATIVE'S MISSION:

- ★ assist schools in acquiring access to high-speed data and video infrastructure
- ★ provide centralized network management
- ★ add value by combining services
- ★ make it affordable for all schools by taking advantage of the telecommunications infrastructure developed for the Interactive Learning Network
- ★ negotiate from a power base by aggregating the buying power of a large number of schools
